## Communities and the Carbon Code webinar 1 June 2021, 11.00am

### Introduction

The event was jointly hosted by Community Land Scotland and the Community Woodlands Association and featured a range of speakers including woodland carbon code experts and communities who are going through the process of registering and validating their assets.

The event was aimed at communities who had recently planted trees or were considering doing so, or who owned other natural assets; and was intended to raise awareness of the opportunities afforded by the Woodland Carbon Code and the sale of other ecosystem services.

### Agenda

- 11.00 Welcome/housekeeping & introduction from Ailsa Raeburn (CLS)
- 11.05 Introduction to speakers and session chair: Jon Hollingdale (CWA)
- 11.10 Andy Baker (Scottish Forestry Woodland Carbon Code team): how the Woodland Carbon Code works and what communities need to do to get involved.
- 11.25 Rebecca Long (Isle of Eigg Heritage Trust): how IEHT are using their woodlands to generate income through the Woodland Carbon Code.
- 11.35 Kevin Cummings (John Muir Trust and Langholm Initiative): how the Langholm community used carbon finance to help fund the purchase of the Tarras Valley Nature Reserve.
- 11.45 Magnus Davidson (UHI): wider eco system services potential for community involvement.
- 11.55 Dr Calum Macleod (CLS): what further policy and funding support is necessary for communities to engage in and benefit from the Carbon Codes.
- 12.05 Q&A chaired by Ailsa Raeburn.
- 12.30 Close.
