

### COMMUNITY WOODLAND ASSOCIATION CONFERENCE 2023

### CASTLEMILK PARK JOURNEY OF NEW SIGNAGE FROM 2018

Stuart Whittaker Community Woodland Officer Castlemilk Park

Scottish Forestry Coilltearachd na h-Alba

# Some Context...

- Located in South East of Glasgow
- Woodland is in compartments 11 overall & is 64.2ha
- Woodland is surrounded by Castlemilk estate
- Since 2011, there has been a Community Woodland Officer employed by Cassiltoun Housing Association & part funded by Scottish Forestry
- Cassiltoun Housing Association covers 32ha of management of the woodland

# **Get Active Leaflet - 2018**

BE CLOSE TO NATURE

- Some funding from Paths for all
- Design compiled with a mix of community involvement and from Community Woodland Officer
- The intention was to get local people outside, encouraging them to be active in Castlemilk Park
- Very straight forward but didn't connect to any onsite information or interpretation

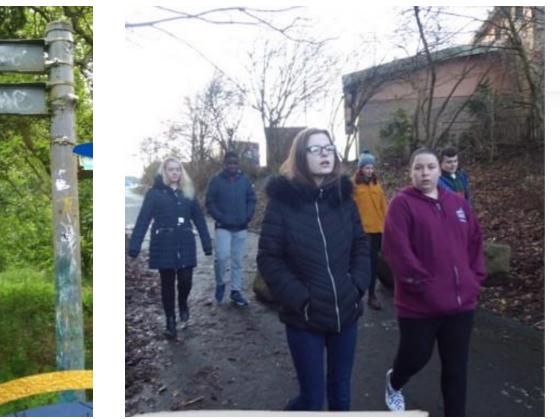

# Youth Advisory Panel - 2018

- They choose to look at signage the group wanted the old signage replaced as it was faded and vandalised
- Received £500 pounds to do further research
- Then came back to Castlemilk park to find out how they could improve signage

# Funding Secured – 2019

- Youth Advisory group panel had suggested connecting areas of importance, not just street names
- Received permission from Glasgow City Council to remove old signage
- 20 new signs installed promoting access through the park, lots of support from Castlemilk Park Project volunteers in checking distance and also proofing signs

# Next Round of Funding – late 2019

- Due to the success of the first funding from Paths for All, we were successful in a second round of funding for more signage
- Signs were increased from 20 to 60
- Lots of community feedback & Youth Advisory Panel involvement
- Lots of re-checks and measuring distances
- Signage was ready to go but then COVID-19 hit early 2020

# Next Round of Funding – late 2019

# Mid to Late 2020

## New Funding -2021

Lockdown happened in early 2021 but with new funding from Paths for All, we looked to upgrade the following:

- 1. New trail markers for 3 paths: Daffodil, Ice House and Waterfall
- 2. The Get Active leaflet
- 3. New information and interpretation board
- 4. Glasgow City Council incorporating the new Magnificent 11 walk in any information
- 5. Engaging with schools & community members with the Art in the Park project
- 6. Training volunteers in path grading for putting in new information.

Coilltearachd

The Magnificent 11 is a four-part circular walk linking Linn Park to King's Park and Castlemilk Park. Passing the Jenniburn Centre, it heads up via Fernbrae Meadows to Cathkin Braes and on to Windlaw Rd. Then close by Carmunnock, crosses into Carnbooth, to return through Netherton Braes to Linn Park. For full walk information, visit: www.glasgowramblers.org.uk/mag11 Welcome to Castlemilk Park, the woodland that runs through Castlemilk. The woodlands were originally part of the designed landscape of Castlemilk House, however now the woodland is very much the heart of the Castlemilk community.

For more information about getting active in Castlemilk Park contact Cassiltoun Housing Association's Community Team.

#### 👌 👓 💿 Daffodil Walk

The easiest waymarked route, through the woodland and passing the wildflower meadow, beside the football pitch. In spring, experience the daffodils in full bloom on the open grass along Barlia Drive.

1 mile /

1.4km

Allow

40 mins

Wide, smooth, tarmac path. Some short, steep sections. Some areas can be flooded following heavy rain & icy following cold spells. No gates or steps. Includes crossing small car park.

Beginning at Castlemilk Stables, follow the pavement along Barlia Terrace to the woodland entrance.

In spring, the open space is full of bright, colourful daffodils.

The path continues along to Barlia football pitches, where you will see the wildflower meadow in full bloom in late Spring and Summer.

Crossing the car park, walk around the barrier and continue back along the path with magnificent trees along both sides, the former main driveway to Castlemilk House.

Dropping down a slight incline, follow the path through the pedestrian barrier until you arrive back at Castlemilk Stables.

Species to look out for: Daffodils, Common spotted orchids and Bullfinches.

#### ••• Waterfall Walk

A great low-level walk, following the stream past the old fishing pond. Path leads through woodland, briefly along a pedestrian path, and up to the waterfall.

1 mile /

1.8km

50 mins

Allow

easy

Wide, smooth, tarmac path with 2 short, moderately steep sections. Path can be slippery following rain and cold conditions. Includes cobbles on bridge, wide kissing gate, short section along

Starting at Castlemilk Stables, turn right, following the path across the bridge. Turn left at the end of the bridge, heading towards the former Castlemilk House fishpond. Look out for birds such as kingfishers perching on the trees on the island in the middle of the pond. As the path continues past the pond, look out for the sequoia (Giant Redwood) tree. Take the path on the left, continue along and take a further left, immediately before the exit to Tormusk Road.

Follow the path down the slope, passing trees such as oak, sycamore, hawthorn, and larch. The path will briefly exit the woodlands, along a pavement then back into the woods. Follow the path, keeping the stream on your left. The path climbs a steep gradient, at the top of which, you will have an amazing view of the waterfall. You will emerge back at the pond, turn left to cross the waterfall, and retrace your steps to the Stables.

Species to look out for: Giant sequoia (redwood) tree, Dipper & Mallard ducks.

A picturesque walk, following the stream south through the woodland, past the remains of the historic ice house (green cage).

Wide, smooth tarmac path with a short, steep slope. Path can be flooded following rain, icy in winter. Includes cobbles, short flight of steps, brief section along a pavement.

moderate 1 mile / 1.5km Allow 40 mins

Along the right-hand side of the path, you will pass a green cage, protecting the remnants of the historic icehouse. This was used by Castlemilk House to store food, for cooling drinks, and making cold desserts.

Continue along the path, up a small flight of steps and follow the path to the left, crossing the stream.

The path goes up an incline, leaving the woods onto Ardencraig Road.

Turn right, briefly walking along the pavement and re-enter the woods on your right. Continuing along this path, you will pass a small circular seat. Turn right, passing through the barrier and head back towards the Stables.

Species to look out for: Foxes, Trees such as Lime, Oak and Sycamore.

**New Updated** 

Leaflet

# Late 2021

- Castlemilk Park volunteers installed:
  - New information and interpretation signage board at the Castlemilk stables
  - Art in the Park artwork roundels
  - Magnificent 11 signs going up with the Ramblers Scotland
- Volunteers put up all works on the new Ramblers Scotland path map
- Support from the Castlemilk park volunteers has been invaluable

## Late 2021

### Connect with Castlemilk Park

Welcome to Castlemilk Park, the woodland that runs through Castlemilk.

The woodlands were originally part of the designed landscape of Castlemilk House and there are now three small walks through the park that you can follow today to experience this unique woodland landscape.

Check out the photos below for some of the amazing species and structures found in Castiemlik Park!

## New Interpretation & Information Board

## Late 2021

# 2022

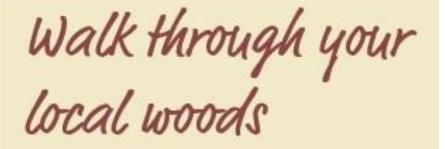

- Feedback received regarding area of Castlemilk Park with no signage. Again, we applied for funding through Paths for All
- We were successful for the final bit of signage in Miller woodland area of Castlemilk park.
- Creation of a leaflet to promote the woodland in the Miller Primary woodland with 2 information boards to promote at Miller Primary School and Castlemilk Family Centre Nursery

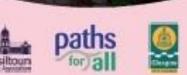

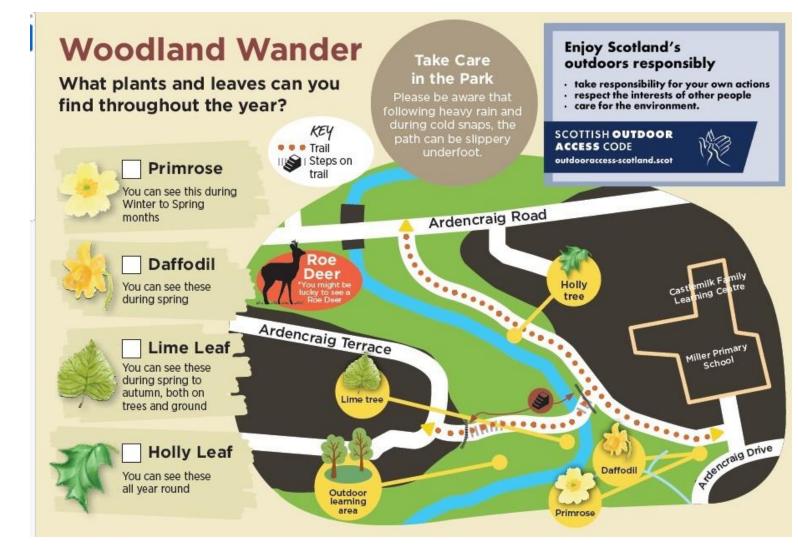

#LESSLITTER

This logo was designed by Cassikoun Housing Association Youth Advisory Panel These paths link Ardencraig Road, Ardencraig Drive and Ardencraig Terrace. If you are walking to the school, the nursery or just want to know more about your woodland, this will guide you. This is a green space for everyone (Note: the path up to Ardencraig Terrace has steps and may not be accessible for all).

2022

# **Volunteer Support**

# 2023

- 75 signs now up in the woodland of Castlemilk park
- Two new leaflets promoting Castlemilk Park for health & wellbeing, and its biodiversity
- 2 signs have been destroyed
- New information board
- We do get them tagged but have worked with other organisations to try to limit also Castlemilk Park volunteers have taken ownership of the signage.

# New Signs & More Maintenance

# One idea has led to much, much more

- Cycling Scotland funding of the path upgrading of path network
- New structures i.e., 3 new notice boards and new bench (funding from Friends of Castlemilk Park and Glasgow Community Fund).
- Started from the Youth Advisory panel and also involved community members, Castlemilk Park volunteers and many more.

# Thank you!

# **Questions?**
